Helping Fund UK Business

Why are **Credit4** different?

- ✓ We believe all businesses should have access to the right type of funding in order to support opportunities for growth
- ✓ All businesses we work with are evaluated according to their individual circumstances, regardless of size
- ✓ We provide innovative products with absolute clarity of pricing
- ✓ We do not underwrite by algorithm
- ✓ We take time to get to know business owners and their organisations, working with them to understand the business drivers and growth potential

We've dealt with the bank in the past, but decided we needed something more adaptable, flexible and personable. Credit4 were friendly and straightforward, with an interest in what we were trying to achieve, rather than simply 'box-ticking'.

— Stuart Anderson, Sales & Marketing Director, Young Soles
